

Dear Members,

I hope this message find you and your family healthy and safe. I wanted to update you on the developments on the future operations of the Flint YMCA.

First, we want to let you know how much we miss all of you at the Y. Many of you have emailed, written letters, and messaged us on social media sharing how much the Y feels like home and how much you miss coming to the buildings. We can't wait to see all of you as well.

Gov Whitmer has started to release plans around phased reopening of businesses, and we couldn't be more excited. Our staff are making plans on how we can open and operate safely. We are talking with the CDC, local health departments, and Y's across the nation about best practices. We will announce when the Y is ready to open on Facebook, our website ([www.flintymca.org](http://www.flintymca.org)), through our app, and by emails like this. The Flint YMCA reopening date may be different from when the governor says gyms can open because the safety of our staff and members is of paramount importance.

We want to thank everyone who has donated their membership fees to the work of feeding over **40,000 meals and snacks** to the people of Flint. All of our wonderful members and donors have made that possible.

**Lastly, as our reopening date is still uncertain, we will not draft membership fees in May.**

Sincerely,

Shelly Hilton, CEO  
YMCA of Greater Flint
