YMCA OF GREATER FLINT

COURAGE IN THE FACE OF ADVERSITY

Dear Friends,

What can I say about 2020 that hasn't already been said? We've struggled with sickness, worried about the health of our friends and families, and spent so much time afraid. Camp Copneconic was closed for the first time in its 100 year history. Our branches were closed for 6 months. It was a time of great difficulty and sadness for myself, our staff, and our organization.

While the effects of this difficult year will remain with us for a long time, I also found so much to be proud of. Our staff performed admirably, switching from in-person to virtual learning, providing over 135,000 emergency meals, and providing essential care for over 60 school aged students.

As we continue our work in 2021, we are committed to helping our neighbors heal and become a stronger, more resilient community. I hope you will stay with us, stay with the Y, because we aren't going anywhere.

SHELLY HILTON

MOBILE FOOD DRIVES

Keeping Our Kids Fed

When the Stay At Home Order was announced March 2020, Y staff knew many youth in our community who rely on school and after-school programs for their meals would go hungry. Within one week, the Y began delivering emergency meals to 8 sites across the city of Flint. In 2020 with the help of generous funders,

Y staff delivered over 135,000 meals to hungry youth and families. Several hundred youth were able to sleep with food in their bellies thanks to the support of members who continued to pay their membership dues while the Y buildings were closed.

SCHOOL YEAR DAY CAMP:

Providing a safe space for students to learn

From November through February, the YMCA of Greater Flint operated School Year Day Camp at Camp Copneconic. This program, which was free to families, provided academic support for students from Flint who were learning virtually. In addition to supporting the students while they completed their virtual learning, camp staff provided enriching outdoor programming from Camp's Project EARTH curriculum. Kids had the opportunity to learn archery, play camp games, go on nature hikes, and so much more. This program, funded by grants and individual donors, included transportation to and from sites in Flint, supplies for online learning, including backpacks, headphones, computer mice, pens and pencils, and more.

School Year Day Camp made a tremendous impact on the families who participated. "My child gets her schoolwork done and comes home in a good mood every day," a parent shared with us. "Since beginning in the program at Camp Copneconic, my students have been participating in class regularly and they are caught up on missing assignments," shared a Flint Public Schools teacher who had students enrolled in SYDC. We also saw improved attendance, higher quality assignments, and better behavior in class. Kids made gains in social, emotional, and physical health, and were able to have safe social interaction with other

mood every day."
-SYDC Parent**

kids. Parents were able to return to work or spend extra time with other children in online schooling.

The program served 55 campers from Flint, coming from more than a dozen schools and six districts, ranging in ages from first grade through eighth grade.

BLOOD DRIVES

Saving Lives One Pint at a Time

While Y fitness centers were closed for most of 2020, staff found unique ways to serve the community. One way was to offer blood drives in the buildings. "While we couldn't operate as a gym with fitness classes and people exercising," said Interim Executive Director Ashley Schlager, "We did have the staff and space available to help in other ways. Our gyms and lobby spaces allowed for ample social distancing and staff and members were more than willing to sign up to donate." Y staff helped with health screenings and directed donors once they arrived. They also donated including one staff who gave his first ever blood donation. The Y offered two successful blood drives during the late summer and early fall. As a result, 99 people received life-saving donations.

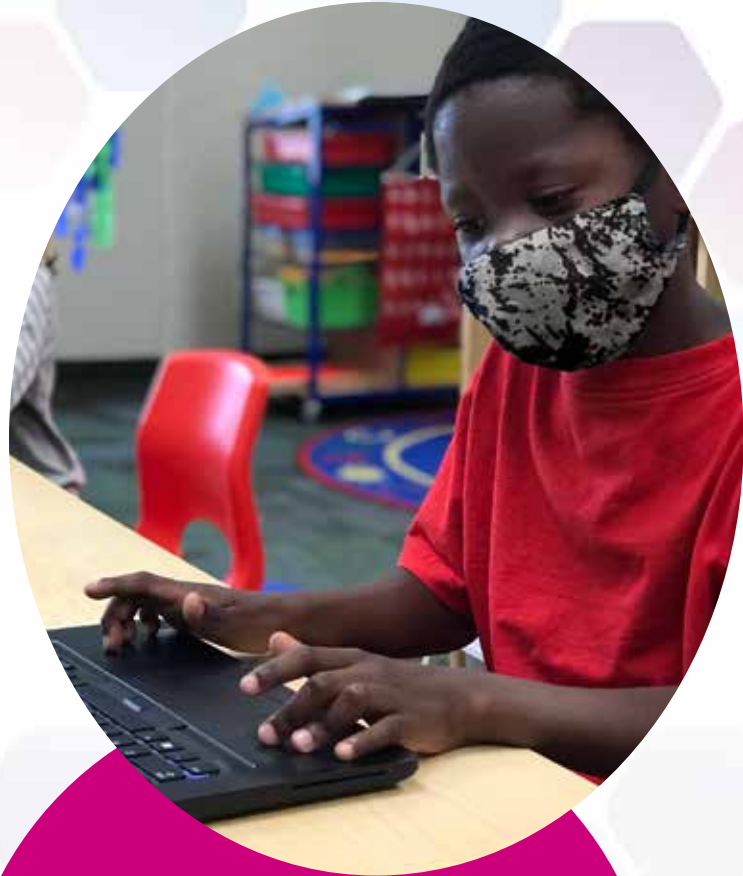

POWER SCHOLARS ACADEMY:

Stopping COVID Learning Loss

The Y is committed to ensuring all young people stay engaged with their schools, and create a clear path to graduation.

Our academic support and school re-engagement programs help students discover the resources, personal strengths and relationships that will help them close achievement gaps and reach their highest potential. One way we achieve that is through programs like Power Scholars Academy.

The Power Scholars Academy summer program is a full-day learning experience that combines academic instruction with fun, hands-on enrichment activities, field trips and service projects. The program is designed to help students gain new academic skills and prepare to return to school in the fall ready to excel. In past years, students have gained 2-3 months in reading and math proficiency versus their peers who typically experience summer slide.

YMCA FOUNDATION

**Supporting the YMCA of Greater Flint, Yesterday,
Today and into the Future**

Since 1879, the YMCA of Greater Flint has been a pillar of the community with outstanding staff and volunteer leadership, a strong national organization, and substantial resources. These strengths have resulted in positioning our YMCA to serve and meet community needs for generations to come.

It has been an honor and privilege to serve the YMCA of Greater Flint for the past 15+ years in many capacities, including operating board president from 2012–2014 and the president of the YMCA of Greater Flint Foundation.

Since its inception in 1996, the YMCA of Greater Flint Foundation has provided over \$12,000,000 dollars of support in programming, projects, and infrastructure. This has helped further the YMCA of Greater Flint's mission of putting Christian principles into practice through programs which build healthy spirit, mind, and body.

While this is a remarkable track record, our work is far from finished. The needs of the community have never been greater and it's the goal of the YMCA of Greater Flint to keep pace with those needs. For the YMCA of Greater Flint Foundation to maintain a commensurate level of support, foundation asset growth is essential. The recipe for growth comes from great stewardship, prudent investment management, and gifts, donations and estate bequests from "friends of the Y" like yourself.

While the foundation board is committed to unwavering stewardship and prudent investment management, we hope that you'll please consider including the YMCA of Greater Flint in your charitable contributions, as well as your estate and philanthropic planning.

Sincerely,

JEFF SNIDER

President, YMCA of Greater Flint Foundation

**Since 1996, the YMCA of
Greater Flint Foundation has
awarded over \$12 million in grants
to the Flint Y to improve facilities
and services at all 3 branches. Through
the excellent management of the fund, the
foundation still maintains over \$8 million in
assets of Spring 2021.**

FOUNDATION BOARD OF DIRECTORS

OUR HISTORY

In 1996, by action of the YMCA of Greater Flint Board of Directors, the Foundation was formed. This action would prove to solidify and guarantee the YMCA of Greater Flint's future ability to serve youth, teens, adults, families, and seniors throughout the community. Initial funding of \$8 million was transferred from cash assets in the YMCA Endowment Fund, and the first meeting of the Foundation was held on June 26, 1996. Gifts to the YMCA Foundation have been carefully preserved and allocated primarily for projects that enhance the YMCA's ability to build strong kids, strong families, and strong communities.

OUR FUTURE

The YMCA of Greater Flint Foundation is committed to the continuous work of the YMCA within the community. YMCA values will be preserved and will constantly perpetuate to serve people of all ages, faiths, ethnic backgrounds, and economic status. We will persist in providing funding which will put the YMCA mission into action and will enable the YMCA of Greater Flint to build strong kids, strong families, and strong communities for years to come.
